

David Archer

My name is David Archer, originally from Mississippi, and I have proudly called Houston/Pearland home since 2012. I earned my undergraduate degree in Physics from Dillard University and a Master's in Hazardous Materials Management from Jackson State University. Professionally, I have built a 23-year career in the environmental industry, with the past 13 years dedicated to oil and gas operations in Texas. I am married with two young children, ages 3 and 5.

I am deeply committed to the Shadow Creek community, where my family and I live, work, and grow. Serving on the Board of Directors offers an opportunity to give back by fostering growth, innovation, and collaboration within our community. My professional expertise, leadership experience, and passion for service uniquely position me to contribute fresh ideas, strengthen community engagement, and ensure that Shadow Creek continues to thrive as a vibrant place to live.

Jenrose Foshee

I have been keeping up with the HOA since we moved here. I am currently serving on a MUD however the MUD will be served by it's homeowners, probably by the end of 2025.

Angela Robinson

I am honored to serve as Vice President of the VOEB HOA Board and Chair of the Beautification Committee. This role has been both rewarding and meaningful, and I would be grateful for the opportunity to continue serving our community. I take great pride in where we live and believe strongly in establishing, following, and upholding clear guidelines that protect both property values and our quality of life. My background as a business owner for over 31 years has given me experience in negotiation, cost control, and contract management; skills I can consistently apply to my work on the Board. I am fully engaged, fiscally responsible, and committed to ensuring that decisions are made thoughtfully and with the best interests of our residents in mind, my goal is to help our community thrive, and I respectfully ask for your vote to continue in this position.

Jude Smith

My wife is a physician at Texas Children's Hospital, and I currently serve as the primary litigation attorney for the Houston Airport System within the City of Houston. We reside in Pearland, where our two children attend public school. Having lived in a number of different states, I bring a broad perspective shaped by diverse communities and

experiences. Our family is deeply rooted in both professional and civic life in the Houston area, and we are committed to contributing positively to the community in which we live and work.

Steve Ward

My wife and I have been members of the Village of Emerald Bay for the last five years and I would like to contribute back to the community that has provided us with a safe and beautiful area to reside in. Recently I retired after forty-five years in the engineering/construction business as Project Director. Experience has been primarily focused on design, construction and maintenance management that emphasized project organization, long/short range planning, contract negotiation, problem resolution, and supervision. Several assignments require being embedded with governmental agencies to help facilitate their daily management operations to achieve project goals. If elected to the Board I hope to utilize that leadership experience to maintain and offer improvements to the high standards that we expect in the Village of Emerald Bay.
