

VILLAGE OF REFLECTION BAY CANDIDATE BIOS

Scott Fisher

After graduating from Rice University, I began my professional journey in Houston and moved to Pearland in 2007, where I've proudly called the SCR community home ever since. Over the years, I've experienced the strength and resilience of our neighborhood through floods, freezes, and everyday challenges. I'm interested in serving on the Board of Directors because I care deeply about the future of our community. I understand the complexities of balancing the needs of a large and diverse population with those of individual homeowners. While I don't claim to have all the answers, I believe that fresh perspectives and a collaborative mindset can lead to meaningful solutions. As a Senior Program Manager, I bring strategic thinking, problem-solving skills, and a commitment to transparency - qualities I believe are essential for an effective HOA.

Charles Foster

I am a retired Houston Police Officer where I served twenty-six and a half years. My last fourteen years were working community service, where I worked directly with the community to solve their problems, attending monthly meetings with civic clubs to handle their concerns. I am interested in working on the board because I work good with people.

VILLAGE OF REFLECTION BAY CANDIDATE BIOS

John Nelson

I have been a homeowner in Reflection Bay since 2017 and have been serving on the HOA board for the last three years. In that time, I have been committed to protecting and preserving homeowners' rights while helping to maintain and protect the Shadow Creek Ranch community. I have spent over 25 years working in the field of Information Technology leading high-performing global teams where I have also displayed a commitment to transparency and accountability. I am grateful for the trust that other homeowners have placed in me, and I look forward to serving our community once again.

Dave Selsky

My whole career is focused on making large, chaotic organizations work effectively and profitably. It is my nature to be involved in community and leave things better than I found them.
